# Which Program

## Which program should I choose?

### Things to Consider

1. The age of your child
2. The developmental stage of your child
3. The days/times that are most convenient for you

### Baby Time - 0 to 15 months

- for babies up to 15 months who will sit on a caregiver's lap
- full caregiver participation
- program includes interactive songs, rhymes and literacy activities appropriate for babies who are not yet walking
- program shows caregivers how to engage in literacy activities at home
- allows caregivers an opportunity to meet and share their experiences

### Baby Connections – 6 to 12 months

- features literacy activities for babies 6-12 months
- full caregiver participation
- families receive a literacy toolkit full of books, CD's and other literacy manipulatives to take home
- participation in all 4 weekly sessions is strongly recommended
- for more information about this program visit [www.babyconnections.ca](http://www.babyconnections.ca)

### Ones – 11 to 23 months

- for babies on the go and one year olds
- full caregiver participation
- program includes interactive songs, rhymes and literacy activities appropriate for active toddlers
- program empowers caregivers to engage in literacy activities at home

**Baby Time, Baby Connections and Ones  
are 30-minute programs.**
